Description:

This program is designed to review recordkeeping and reporting requirements associated with the Virginia Pollutant Discharge Elimination System (VPDES) General Permit for Total Nitrogen and Total Phosphorus discharges in the Chesapeake Bay Watershed. The program will include discussions of general recordkeeping requirements and the various reporting requirements established in the Nutrient General Permit.

The program will also include hands on exercises in performing required calculations and completing the Nutrient General Permit monthly discharge monitoring report (DMR) and Annual Report Form.

Time & Place:

This program will be conducted June 18, 2008 from 8:00 AM – 12:00 PM at the Town of Onancock, Town Hall in Onancock, Virginia.

Who should attend:

Managers and responsible charge operators with responsibility for complying with recordkeeping and reporting requirements of the treatment system's Nutrient General Permit will find this program helpful.

Registration & Fee:

Persons wishing to attend this program should complete the registration form and mail, fax or email it to the address shown on the form.

There is no registration fee for this special workshop. However, persons wishing to attend are asked to register to ensure sufficient materials and space are available.

Instructors:

The program will be instructed by members of the Department of Environmental Quality, Operator Training and Assistance Program.

Course Approval:

The course has not been submitted for approval by the Virginia Board for Waterworks and Wastewater Works Operators and can not be used for substitution purposes.

Cancellation:

We reserve the right to cancel any program when there is insufficient registration. People who register will be notified of the cancellation.

Directions:

Persons registering for the program will receive an information package that includes directions to the Town of Onancock, Town Hall and other pertinent information.

Additional Information:

For additional information, contact the Operator Training Program staff:
